

These Guidelines provide an overview of the requirement for use of The Township of St. Joseph Municipal Landfill Site and have been developed to reflect Ministry of the Environment regulations. Public cooperation in following these guidelines will benefit the entire community.

The cost to eventually close our existing landfill and develop a new site is expected to exceed \$1Million. By working together we can prolong the life of our current landfill site and reduce the tax dollars required to operate this facility.

**FAILURE TO COMPLY WITH THESE GUIDELINES MAY RESULT IN WITHDRAWAL OF INDIVIDUAL DUMPING PRIVILEGES.**

## Landfill Use Guidelines

Please follow the instructions of the Landfill attendant.

Landfill Use Permit sticker must be displayed in the lower left corner of windshield for access to landfill.

Household refuse **MUST** be separated from recyclable materials and non-household refuse.

Household refuse is to be thrown over the bank in designated area.

Recyclable materials **MUST** be placed in recycling depot collection bins.

METAL and scrap metal goes into a designated area

Each type of non-household refuse (clean wood, brush, painted/treated wood, and other non-household refuse) must be separated and be placed in designated areas according to signage. **Tipping Fees are in effect for non-household refuse**

Landfill Use Permit sticker and receipt for tipping fees are required for access to back/lower level of the landfill site.

Vouchers may be purchased and tipping fees paid at the Township Office, Ambeault's Confectionary or Kent's Corners.

**No payments on site.**

WE DO NOT ACCEPT HAZARDOUS WASTE OR BATTERIES (*other than household batteries listed under recycling*)

PLEASE ASK THE LANDFILL ATTENDANT IF YOU HAVE QUESTIONS.

## Hazardous Waste

The Township of St. Joseph **does not accept** household hazardous waste in the municipal landfill. Hazardous Waste includes products which are corrosive (acids), flammable (burns easily), reactive (explosive or produce deadly vapours) or toxic (poisonous to humans). Examples of household hazardous waste are: acids, aerosols, anti-freeze, bases (cleaning solutions), fire extinguishers, flammables (cleaning solvents), oils, paint, pesticides, pharmaceuticals, propane cylinders, and sharps (needles).

All household hazardous waste must be taken to the special household waste depot at:
