

THE DR. HAROLD S. TREFRY MEMORIAL CENTRE'S Home Maintenance Program Subsidy Scale

December 1, 2014

The Dr. H.S. Trefry Memorial Centre is pleased to offer Home Maintenance, which assists seniors and persons with disabilities by reimbursing a percentage of their costs incurred for housekeeping, yard work, and/or snow removal.

A client's reimbursement *percentage* is decided by a *subsidy determination scale* (below), which is based on their taxable income. For example, if you are sixty years of age with a total household income of \$9,000, your household would be entitled to a 75% subsidy rate on your eligible costs.

If you are interested in and are eligible for our programs, you would be required to submit a copy of last year's income tax assessment(s) showing your total taxable household income (line 260). In addition, if you are unable to find a service provider, we will try to recommend some possible providers.

Subsidized Services: **This program will reimburse:**

HOUSE CLEANING

Maximum of 6 hours per month
Maximum rate of \$18.00 per hour

YARD WORK

Maximum rate of \$12.00 per hour
(Includes raking, grass cutting, weeding, snow shoveling)

SNOW REMOVAL

Maximum \$35.00/cleaning
